- (ii)
 - (a) Players taking part with a Futsal Affiliated Club or Team in Futsal Competitions organized by the Association must have an amateur status. However, those players playing Futsal for their own Member Club may have an amateur or a professional status.
 - (b) Players taking part in Futsal Competitions organized by the Association must be registered with the Association and with a Member Club or with Futsal Affiliated Club or Team of the Association in accordance with these rules and/or in accordance with the other Rules, Regulations and Bye-Laws of the Association provided these are not contrary to the provisions of these regulations.
 - (c) Players transferred on loan by a Member Club to another Member Club to play Futsal and all players registering for a Futsal Affiliated Club or Team must be registered by means of a 'Futsal Players Registration Form' to be approved by the Executive Board. In this case, such players must be registered on the Futsal Players Registration Form and the same rules applicable to Futsal Affiliated Clubs or Teams and their players shall as well apply to such Member Clubs and their Futsal players. Professional players registering with Member Clubs, even if only for the purpose of playing Futsal, may only register during such periods that the registration of professional football players is allowed.
- (iv)
- (a) A player who is registered as an amateur football player with a Member Club that has applied to take part or that is currently taking part in a Futsal competition is only eligible to play in a Futsal competition for the Member Club with which he is registered as a football player unless such player is definitely transferred or unless he is transferred on loan as a Futsal player to another Member Club or unless he is transferred on loan to a Futsal Affiliated Club or Team. However, an amateur player who has been transferred on loan to play Futsal may not at the same time be transferred on loan to different Member Club to play football. In the transfer on loan of a player to play Futsal with another Member Club or to a Futsal Affiliated Club or Team no compensation may be asked for. However, the Club loaning the player may require the other Member Club or Futsal Affiliated Club or Team to take out an insurance policy to cover the player in the case of an injury sustained whilst training or playing Futsal for such Club or Team. The conditions of the insurance cover shall be decided by the Member Club loaning the player.
 - (b) Any transfer on loan must be made on the 'Transfer on Loan of a Futsal Player Form' to be approved by the Executive Board. In this case, such player must be registered as a Futsal player with the new Member Club or with the Futsal Affiliated Club or Team concerned on the Futsal Player Registration Form. This registration will lapse at the end of the current football season. However, during such time that such a player is registered as a Futsal player with another Member Club or with a Futsal Affiliated Club or Team, he may still play football, but not Futsal, for the Member Club with which he is registered as a football player. In the case of clash of fixtures of a competitive football match and a competitive Futsal match in which a player may take part both with his Member Club as a football player and with another club or team to play Futsal, that is for the whole period starting forty-eight (48) hours before such competitive football match, such player shall be ineligible to take part in a competitive Futsal match for the club or team with which he has been transferred on loan to play Futsal unless his Member Club with whom he plays football gives him permission in writing to do so. In case that the Member Club of the player gives its consent in writing such written consent must be kept by the club or team with which such player was transferred to play Futsal.
 - (c) A player who is registered as an amateur football player with a Member Club that has not applied to take part or is not currently taking part in the National Futsal League of the Association may be transferred on loan to another Member Club which has applied to take part or is currently taking part in the National Futsal League of the Association for the only purpose of playing Futsal with such Member Club or to a Futsal Affiliated Club or Team of the Association by means of a 'Futsal Transfer On Loan Form' to be approved by the Executive Board. However, an amateur player who has been transferred on loan to play Futsal may not at the same time be transferred on loan to different Member Club to play football. Furthermore, during such time as such player is registered as a Futsal player with another Member Club or with a Futsal Affiliated Club or Team, he may still play football for the Member Club with which such player is registered as a football player. In the case of clash of fixtures of a competitive football match and a competitive Futsal match in which a player may take part both with his Member Club as a football player and with another club or team to play Futsal, that is for the whole period starting forty-eight (48) hours before such competitive football match, such player shall be ineligible to take part in a competitive Futsal match for the club or team with which he has been transferred on loan to play Futsal unless his Member Club with whom he plays football gives him permission in writing to do so. In case that a Member Club or a Futsal Affiliated Club or Team has registered with it more of such players than is allowed, all the registered players of such Club or Team which are not eligible to play for the National Futsal Team shall be ineligible to play Futsal and shall remain so ineligible until such Club or Team has registered with it the allowed number of such players. In the case of doubt whether a player is eligible to play for the National Futsal Team, the Executive Board shall decide on the matter. Any such decision shall be final and binding and shall have immediate effect.
- (b) In the case of a Member Club that has applied or is currently participating in the Futsal National League of the Association or in any other Futsal competition, may not make use of players referred to in sub-clause (a) above to play football for such Club unless these also satisfy the criteria on foreign players established in these rules and in the other Rules, Regulations and Bye-Laws of the Association.
- (c) In the case of players defined by FIFA as foreign Futsal players who were not registered with the Association specifically as Futsal players by the 7th June 2009, prior to registering with the Association and with a Member Club as Futsal players or with a Futsal Affiliated Club or Team, the relative International Futsal Clearance Certificate (IFTC) established in the relevant FIFA rules regarding such players must be obtained in accordance with the same rules. A Member Club which registers with it a player following the issuance of the International Futsal Clearance Certificate may not make use of the services of such player as a football player since such player would be ineligible to play football.
- (vi) (a) Futsal Affiliated Clubs or Teams are allowed to have registered with them at any one time a maximum of twenty (20) players during the football season. Any extra registered player is ineligible to play and when such fact is established the Executive Board shall cancel such registration. If more than one player is registered with the Association at the same time and through such registrations the above mentioned quota is surpassed, all such newly registered players will be ineligible to play Futsal and the Executive Board shall cancel all such registrations. However, the provisions of this rule shall not apply to a Member Club participating in any Futsal Competition since such Club may have registered any number of players, including players transferred to it on loan.
- (b) A Futsal Affiliated Club or Team may during the football season substitute any of the twenty (20) Futsal registered players with other players until such day as the release of football players and the registration of amateur football players is permitted. In such a case the registered players to be substituted must be given a free release. However, in the case of released players that had been transferred on loan to such Futsal Affiliated Club or Team by a Member Club, such players shall automatically return to their Member Club even if such Club is not currently participating in any Futsal Competition. In order to be valid, the Futsal Free Release Certificate Form, duly filled in and duly signed, must be filed with the Association within seven (7) days of its issuance.
- (c) The 'Futsal Free Release Certificate Form' shall be established by the Executive Board.
- (vii) (a) Players who had been included on the Official Match Report Form of any competitive Futsal match and who are released by the last day of January may play Futsal for another Member Club or for a Futsal Affiliated Club or Team during the current season provided that these were not loaned by a Member Club and must have registered for the new Club or Team by not later than the last day of January. - (b) A player who had been transferred on loan by a Member Club to another Member Club to play Futsal or to a Futsal Affiliated Club or Team and has been released by the Club or Team with which he was on loan may not during the remainder of the season play Futsal for any Club, including his own, or another Team, if he had been included on the Official Match Report Form of any competitive Futsal match with such Club or Team. If such a player, during the time that he was on loan, had not been included on the Official Match Report Form of any competitive Futsal match, he may play Futsal for his own Member Club provided that the Futsal Committee, at the written request of both his own Club and the player himself, authorizes in writing such player to play Futsal. Furthermore, such a player may register with another Member Club to play Futsal or may register with a Futsal Affiliated Club or Team provided that his Member Club transfers him definitely or on loan to another Member Club or transfers him on loan to a Futsal Affiliated Club or Team. However, in any such case, the written authorization of the Futsal Committee, at the written request of the Member Club or of the Futsal Affiliated Club or Team which wishes to register such player and the player himself, must be obtained.
Any decision of the Futsal Committee on any such request shall be final and binding.
